The Pocatello Conference.

o'clock a. m. last Sunday at Pocatello.

Rudger Clawson and Senator Smoot of the quorum of the twelve apostles, Dr. Joseph M. Tanner and Professor Henry Petersen, representing the Sunday schools, also Mrs. Caine of the Relief Societies, were among the prominent people present.

A meeting was held Sunday morning at 9 a. m. at which the stake organization of the Sunday schools was more fully organized, and valuable instruction was imparted to the chil-

Sunday forenoon was devoted to the Sunday schools, and the first session of the conference was called at 2:30 p. m. with W. A. Hyde presiding.

The general and local authorities were presented and sustained by the conference, with a few changes in the stake organization.

United States Land office, Salt Lake City, Utah, May is, 1003.

To whom it may concern:
Notice is hereby given that the State of Utah has filed in this office a list No, 181 of lands selected by the said state for the establishment and maintenance of permanent water reservoirs for irrigating purposes under section 12 of the Act of Congress approved July 16, 1894. The following tracts embraced in said list, are in a township containing mineral claims of record, viz:
The SE 14 Sec 8, NE 45 Sec 15, E 45 NE 4; S W 45 NE 54 and S 45 SE 4 Sec 25, T. 9 N., R 3 E, Salt Lake Meridian.
A copy of said list, so far as it relates to said tracts, by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested and by the public generally.

Within the next sixty days following the date of this notice, under departmental instructions of November 27, 1896 (23 L, D., 450) protests or contests against the claim of the State to any of the tracts or sub-divisions hereinbefore described on the ground that the same is more valuable for mineral than for agricultural purposes will be received and noted for report at the General Land Office at Washington, D. C. Failure to protest within the time specified will be considered sufficient evidence of the non-mineral character of the tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval.
